

A#:	9435
P&S#:	9008
Date:	MAY 21, 2024
To:	ALL NSCC WEB USERS
From:	NSCC PRODUCT MANAGEMENT, DTCC EQUITIES CLEARING
Attention:	DIRECTOR OF OPERATIONS
Subject:	ACATS VIA DTCC PORTAL URL UPDATE 3

This notice is a follow up to [Important Notice a9378](#) (dated January 12, 2024), [Important Notice a9390](#) (dated February 13, 2024) and [Important Notice a9406](#) (dated March 12, 2024). In the previous notices, it was announced that there will be upcoming technology upgrades that may impact various DTCC web portal application URL's. ACATS was identified as one of the applications impacted by this change. An updated date of deployment is now available.

The change will only impact users that have bookmarked ACATS application-level URLs in the Participant Services Environment (PSE) and/or Production environment. If the user wants to continue to access the web application via a bookmarked URL, please follow the following steps on the effective date.

1. Log in to portal.dtcc.com for production or portalu.dtcc.com for PSE.
2. Click on the ACATS and or ACATS-PSE tile and bookmark the new URL.
3. Delete the old bookmark.

If you are a user that accesses the ACATS application by starting each time entering portal.dtcc.com or via a bookmark of that URL then you will be unaffected by this change and no additional action is required.

The existing ACATS web functionality will not be impacted by this effort. This is strictly a URL change.

The effective date of this change will be Friday June 21, 2024.

If you have any questions regarding this notice, please reach out to NSCC Support at nsccsupport@dtcc.com.

DTCC, on behalf of its subsidiaries, offers enhanced access to all important notices via a Web-based subscription service.
