DTCC INNOVATION: KEY TRANSFORMATION INITIATIVES TUESDAY, MAY 17 • 9:00 AM - 10:00 AM

Learn how the DTCC is addressing the most complex operational challenges today through key post-trade infrastructure initiatives, including:

- Accelerating the industry's settlement cycle to T+1
- Exploring alternative settlement with Distributed Ledger Technology (Project Ion)
- Promoting central clearing in the U.S. Treasury Market
- Developing a new service for Securities Financing Transactions (SFT)
- Introducing sponsored repo trading
- Advancing Digital Securities Management for the private markets

JASON HARRELL DTCC MANAGING DIRECTOR AND HEAD OF EXTERNAL ENGAGEMENT

OPERATIONAL RESILIENCY TUESDAY, MAY 17 • 3:30 PM — 4:30 PM

Many financial firms have recently implemented Operational Resilience capabilities in response to the Bank of England Consultation Paper issued in December 2019. This panel will explore emerging best practices and methodologies for building enhanced resilience capabilities to help firms prepare for extreme events. Panelists will also discuss recent rules, regulations and guidance issued by other countries and jurisdictions as well as how firms are handling global regulatory fragmentation issues.

JOHN ABEL DTCC EXECUTIVE DIRECTOR, SETTLEMENT SERVICES

INDUSTRY TRANSITION TO T+1 — WHAT YOU NEED TO KNOW WEDNESDAY, MAY 18 • 10:45 AM — 11:35 AM

This panel of industry leaders will explore the status of the industry's transition to accelerate the settlement cycle to T+1. Panelists will review the current rule proposal, development of the industry playbook, and timeline around planning, execution, and testing.

BILL KAPOGIANNIS DTCC EXECUTIVE DIRECTOR, CLEARING SERVICES

EVOLVING TECHNOLOGY AND ITS IMPACT ON THE TRANSFER OF ASSETS WEDNESDAY, MAY 18 • 12:00 PM — 1:00 PM

Technology is evolving and the impact is seen across the financial services industry, including in operations. However, the transfer of assets from one firm to another has not kept pace with the process changes of other types of money movement – and the client experience has suffered, as a result. This panel will discuss the goal for a real-time transfer process and the ways that T+1 will eliminate barriers to implementation, including opportunities to reduce paper and expedite manual transfer requests.
